

New Jersey LGBTQI+ Senior Bill of Rights

New Jersey recently passed legislation to establish specific rights and protections for lesbian, gay, bisexual, transgender, undesignated/non-binary, questioning, queer, and intersex (LGBTQI+) older adults and people living with HIV in long-term care facilities.

SAGECare Can Help!

The SAGECare team can help your community make these new policy and training requirements a part of your caring culture. Our LGBT cultural competency training program satisfies the training requirements, and our consultants can update your policies and procedures—all to ensure that every resident is safe, valued, and respected.

SAGECare provides training and consulting on lesbian, gay, bisexual and transgender (LGBT) aging issues to service providers. As a division of SAGE, we are part of the country's largest and oldest organization dedicated to improving the lives of LGBT older adults.
